

I/O Module for DeviceNet FDNQ-S0404G-T

TURCK
works

Industrial
Automation

- common diagnostics for inputs and outputs
- I/I channel or O/O channel per connector
- Fiber-glass reinforced PA6 housing
- Vibration and shock-resistant
- Encapsulated module electronics
- Metal connectors
- Degree of protection IP67

Type designation	FDNQ-S0404G-T
Ident-No.	6603669
Ident-No (TUSA)	F0133
Output current per channel	0.5
Sensor supply	Bus
Actuator power supply	Bus
Fieldbus transmission rate	125/250/500 kbps
Fieldbus addressing	0...63 (decimal) via coded rotary switches
Dimensions (W x L x H)	60.4 x 148.1 x 27mm
Housing material	fibre-glass reinforced Polyamide (PA6-GF30)
Mounting	4 mounting holes Ø 5,4 mm
Protection class	IP67
