

# Self-aligning quick coupling FK-M12X1,25

Part number: 6141

FESTO

## Data sheet

| Feature                          | Value                                     |
|----------------------------------|-------------------------------------------|
| Size                             | M12x1.25                                  |
| Type code                        | FK                                        |
| Corrosion resistance class (CRC) | 2 - Moderate corrosion stress             |
| Ambient temperature              | -40 °C ... 150 °C                         |
| Product weight                   | 215 g                                     |
| Note on materials                | Free of copper and PTFE<br>RoHS-compliant |
| Bushing material                 | Steel<br>Galvanized                       |
| Housing material                 | Steel<br>Galvanized                       |
| Ball pin material                | Case-hardened steel                       |
| Spherical washer material        | Case-hardened steel                       |
| Nut material                     | Steel<br>Galvanized                       |
