

# Clevis flange SNCL-125

Part number: 174410

FESTO

## Data sheet

| Feature                          | Value                                                                     |
|----------------------------------|---------------------------------------------------------------------------|
| Size                             | 125                                                                       |
| Type code                        | SNCL                                                                      |
| Based on norm                    | ISO 15552 (previously also VDMA 24562, ISO 6431, NF E49 003.1, UNI 10290) |
| Corrosion resistance class (CRC) | 1 - Low corrosion stress                                                  |
| Ambient temperature              | -40 °C ... 90 °C                                                          |
| Product weight                   | 1135 g                                                                    |
| Note on materials                | Free of copper and PTFE<br>RoHS-compliant                                 |
| Mounting material                | Die-cast aluminum                                                         |
| Material of bearing              | Polymer                                                                   |
| Material of screws               | Steel<br>Galvanized                                                       |
