

**Cover**  
**SAMH-S-N8-S-SC**  
Part number: 575817

**FESTO**

**Data sheet**

| Feature                          | Value                                          |
|----------------------------------|------------------------------------------------|
| Type code                        | SAMH                                           |
| Design                           | for T-slot                                     |
| Note on materials                | Free of copper and PTFE<br>RoHS-compliant      |
| Ambient temperature              | -40 °C ... 85 °C                               |
| Type of mounting                 | Engaging<br>Can be inserted in slot from above |
| Product weight                   | 0.36 g                                         |
| Cover cap material               | PA                                             |
| Corrosion resistance class (CRC) | 3 - High corrosion stress                      |
