

# Protective conduit connector MKRT-23-16,5

Part number: 194321

FESTO

## Data sheet

| Feature                          | Value                         |
|----------------------------------|-------------------------------|
| Type code                        | MKRT                          |
| Mounting position                | Any                           |
| Corrosion resistance class (CRC) | 2 - Moderate corrosion stress |
| Note on materials                | Free of copper and PTFE       |
