

# Moment compensator DARD-L8-32-S

Part number: 8081467

FESTO

## Data sheet

| Feature                                                       | Value                         |
|---------------------------------------------------------------|-------------------------------|
| Size                                                          | 32                            |
| Radial deviation +/-                                          | 2.5 mm                        |
| Type code                                                     | DARD                          |
| Corrosion resistance class (CRC)                              | 1 - Low corrosion stress      |
| Ambient temperature                                           | 0 °C ... 60 °C                |
| Short-term maximum permissible load in direction of force +/- | 3000 N                        |
| Long-term maximum permissible load in direction of force +/-  | 1500 N                        |
| Product weight                                                | 294 g                         |
| Note on materials                                             | RoHS-compliant<br>Copper-free |
| Adapter material                                              | Aluminum, anodized            |
| Material of screws                                            | Steel, galvanized             |
