

# Push-in connector NPQM-D-Q12-E-P10

FESTO

Part number: 558764

## Data sheet

| Feature   | Value  |
|---|--|
| Size  | Standard                                     |
| Nominal width                                   | 11 mm  |
| Type code                                       | NPQM-D                                       |
| Design  | Push-pull principle                          |
| Operating pressure for entire temperature range | -0.95 bar ... 16 bar                         |
| Operating medium                                | Compressed air as per ISO 8573-1:2010 [7:-:] |
| Information on operating and pilot media        | Operation with oil lubrication possible      |
| Corrosion resistance class (CRC)                | 1 - Low corrosion stress                     |
| Ambient temperature                             | -20 °C ... 70 °C                             |
| Product weight                                  | 36.6 g                                       |
| Pneumatic connection 1                          | for pneumatic tubing outside diameter 12 mm  |
| Pneumatic connection 2                          | for pneumatic tubing outside diameter 12 mm  |
| Note on materials                               | RoHS-compliant                               |
| Housing material                                | Brass, nickel-plated                         |
| Material of tubing seal                         | NBR  |
