PIC Accessories

Low Profile Single Port Shell | M25 Threads | UL Type 12 | IP65, IP69 Rating

Mencom port adapters are available in a low profile black plastic shell with a M25 mounting thread. These port adapters have a RJ45, USB Type A, or USB Type B connector, and can easily be mounted to a cabinet through a 1" diameter hole. A cap is supplied with each unit to make them suitable for wash down.
