KADL Cable Entry System

KADL Cable Entry System | Modular Design | IP65 Rating

KADL Cable Entry					
Part Number	# of Entries	Dimension (mm)			
		L	L1	H	H1
KADL-5K	5	153	63	32.3	8.9
KADL-10K	10	153	85.5	32.3	8.9
KADL-15K	15	153	108	32.3	8.9
KADL-20K	20	153	130.5	32.3	8.9
KADL-25K	25	153	153	32.3	8.9
KADL Expansion Insert					
KADL-EXP	N/A	153	27	32.3	8.9

KADL-EXP is an expansion insert for adding 5 holes to an existing 5, 10, 15, or 20 hole frame.
Required hole size will change according to the number of expansion inserts used. Maximum frame size not to exceed 25 holes.
Grommets ordered separately (Page U-34).

Application

Insertion and sealing of pre-assembled cables with connectors into housings

Benefits

- Modular design and high packaging density
- Grommet clamping range to 2 mm
- Strain relief for cables
- Easy retrofits and adjustments

Mounting

Mounting in wall thicknesses from 1.5 to 2.0 mm
KADL can be attached with screws for wall thicknesses greater than 2.0 mm

Specifications:

Flange: Polyamide PA6 V-0
Sealing: TPE
Temperature: -30°C to +100°C (-22°F to +212°F)
